

## GOOD LUCK PLANTS

### Beautiful, Carefree & Auspicious

- Good Luck plants are believed to bring about all the good things.
- Preferably, place the plants at the East in your house or office, or at any visible place near entry.
- Goodluck plants are not really bamboos, but they look alike. The botanical name of it is 'Dracaena Sanderiana'.
- It is totally maintenance free. Just add daily 2-3 tablespoons of stored water & experience the prosperity in your life with GOOD LUCK plant.
- To have healthy, fresh, lush green appearance of the plant, use 'Organic Growth Spray'.
- Keep plants dust free, do not keep under fan, direct blow of air.
- Do not keep in closed room, ventilated fresh air is necessary. Keep in aired area rooms which are not likely to close for a longer duration.
